### **EXECUTIVE SUMMARY**

I am a self-taught web developer passionate about learning and growth. Open to roles in web development or other technologies, I bring a strong foundation in web tech and a readiness to learn, making me well-suited for team lead or collaborative roles. I mentor students in web development, simplifying complex concepts and receiving positive feedback I am eager to expand my skills through internships. Additionally, I am eager to contribute to startups as well.

### **TECHNICAL SKILLS**

**Programming Languages:** HTML, CSS, JavaScript

**Tools & Frameworks:** Visual Studio Code Git&GitHub, Tailwind CSS, React, Node.js

**Soft Skills:** Team Management, Tutoring & Mentoring, Analytical Research.

### **PROFESSIONAL EXPERIENCE**

#### **BayMax Projects**

**March 2023 - Present**

Entrepreneurial experience in creating and selling custom electronics projects, combining hardware and software solutions. Skilled in delivering innovative, client-focused products and authoring research papers to document.

#### **Colnt**

**Oct 2023 - Present**

Conducted tutoring sessions on web development, internet technologies, web hosting, and online business fundamentals. Focused on practical skills and workplace readiness, simplifying complex concepts into lessons tailored to individual needs.

### **INTERNSHIPS**

#### **CloudLogic**

**Feb-12 - Feb-22 2024**

As it was my very first internship, the experience was both exciting and enlightening. It gave me valuable exposure to how a professional software company operates on a day-to-day basis. I gained firsthand insight into the essential technical and soft skills developers need to thrive in the industry—such as problem-solving, team collaboration, adaptability, and effective communication. During this internship, I also had the opportunity to contribute to a small-scale web development project, which helped me apply my theoretical knowledge in a practical setting and enhanced my understanding of real-world development workflows.

### **EDUCATION**

#### **Bachelor of Computer Science and Engineering**

**Sep 2023 - Present**

IFET College of Engineering

- Major in Computer Science Engineering.

### **ADDITIONAL INFORMATION**

- **Languages:** English, Tamil.
